

NIGHT LIGHT

Shutdown Timer

Energy efficient

Quiet Operation

Wood's WHU400 is a very convenient humidifier that is easy to handle. Simply turn the mechanical knob to set desired humidity! This compact humidifier has a clear water tank that is easy to clean and refill and which lets you see the water level.

When the humidifier is run in night mode, a soft blue light shines from the knob and the water tank.

Wood's WHU400 is quiet enough for it to run throughout the night. Wood's WHU400 fits any environment and is incredibly low on energy consumption.
